At the northern reaches of the Mississippi, Tunica is one of the South's leading entertainment destinations. Just 20 minutes from Memphis, it's home to nine casino resorts and three championship-level golf courses, as well as Tunica River Park, the Tunica Queen Riverboat and the soon-to-open Gateway to the Blues Museum. Tunica is a popular starting point for the Mississippi Blues Trail, a scenic highway that winds through Mississippi and takes you to historic blues markers and landmarks.

Memphis is a pilgrimage for those wanting to visit the birthplace of the blues, soul and of rock 'n' roll. On Beale Street, W.C. Handy put down on paper the first written blues music. Elvis, Roy Orbison, Jerry Lee Lewis and Johnny Cash all recorded at the historic Sun Records, which is now a museum. Graceland, the second-most-visited home in America, welcomes visitors from around the world who yearn for a peek into the life of "the King." Beyond the music, Tennessee's largest city also offers much more. It has more sunny days each year than Miami, and combines southern tradition and hospitality with modern amenities. You'll enjoy great dining (be sure to sample the barbecued ribs), art galleries and exciting nightlife.

You are cordially invited to travel with us!

## *The Bible says...*

*For all our days are passed away in thy wrath: we spend our years as a tale that is told.*

*The days of our years are threescore years and ten; and if by reason of strength they be fourscore years, yet is their strength labour and sorrow: for it is soon cut off, and we fly away.*

*Who knoweth the power of thine anger? even according to thy fear, so is thy wrath.*

*So teach us to number our days that we may apply our hearts unto wisdom.*

**Summer Times**

Vol. 9 No. 1 A Quarterly Newsletter February 2020

**A Summerset Centenarian, Harriet Black, Highlighted**

Summerset is very proud of each resident. Just sit and talk with them and it is so easy to be proud of the life that each one has lived and each contribution. One resident mentioned the differences in the times and what can be done to assist in making this world a better one. She feels that education is the first step. She feels that if one does not have the desire to learn, we, as adults, have to help. She is constantly encouraging staff at Summerset to continue learning and when they do, she is their biggest cheerleader. One CNA (Certified Nursing Assistant) recently completed his nursing program (RN), graduated, and passed his boards. Mrs. Black tells everyone she sees and how proud she is of him and his accomplishments.

Mrs. Black talks about how she knew as a child she wanted an education and wanted to go to college, and that she did. She graduated from, what is now called, Fort Valley State University, in 1941. She also, after graduation, taught school for 45 years and loved every minute, making an impact on the lives of young people. She has encouraged so many to continue to learn, continue their education. Many never forgot and come to visit often. In addition to education, she feels that religion should be a part of our lives and working for the Lord. She has been very involved in her church and many of the parishioners come to visit quite frequently.

The owner of Summerset was touting the lives of our residents to a group, and spoke about one of our centenarians, when a gentleman came up and said that his mother went to the same college around the same time as Mrs. Black and wondered, if he could come and meet her. He came over to meet this resident with flowers, a smile, and a question. She laughed and said, "Of course I knew ZK". He was in awe that she remembered his mother so well, by calling her ZK, which was a "nickname" that many did not know that she was affectionately called.
