

I.P.A KIDS COOKING

Monster Mash Hawaiian Punch

For this recipe, you need a 1-gallon jug of Hawaiian Fruit Juicy Red and a 2 litre of 7UP. Depending on how many people you're serving, you might need a bit more.

Ingredients

Clear plastic cups
Glue dots
Googly eyes
Permanent Marker
Straws
1 gallon Hawaiian Punch Fruit Juicy Red
2 litres 7UP, plus extra
Ice lots of

DIRECTIONS

1. Stick the googly eyes onto the plastic cups using the glue dots. Then, draw a silly (or scary!) mouth with the permanent marker to create the monster cups.
2. In a blender, pulse together the Hawaiian Punch, 7UP and ice until it reaches the desired consistency. Spoon the slushy mixture into the plastic cups. I was able to partially fill three cups with this amount.
3. Pour a splash of 7UP into the top of the cups to add some bubbly sizzle to it.
4. Add a straw and serve immediately.
