

Tool talk – sheaf knife

This is a fixed blade knife.

This is the handle.

This is the cover.

I take the cover off like this.

This is the blade.

This is the cutting edge.

I always use it on the outside of my body with the blade facing away from me.

When I have finished with the knife, I put the cover back on like this.

I stand with the knife like this.

I walk with the knife like this.

I pass the knife like this.

When I use the knife, I use it two arms and a tools length away from anyone except my partner like this.

I use the knife to cut cord, split firewood and to whittle.

I have bare hands on the tool.

I have a glove on my helper hand.

When I am not using the knife, I put it down with the handle facing forwards and the blade facing inwards.

When I have finished with the knife I put it in the designated place.
