

THE RATS OF NYC

3 NYC themed cat toy inspired by Lady Liberty, I love NY, & the New York slice

Each rat's body would be roughly 3 inches long with a 3.5 inch tail

The base rat and tail and ears will be made with a sued fabric to resemble the texture and colors of a NYC rat.

Each rat will have a small squeaker inside the body

The eyes and nose will be screen printed on

Most of the additions will be a screen printed felt with the exception of the I love NY shirt which would be made from a white cotton fabric
