7 Benefits of Forgiveness

- 1 Forgiveness brings freedom.

Forgiveness is an offering extended in the form of seed sown. Man counts but God measures. See Luke 6:38
- 2 Forgiveness brings restoration to you and to the ones being forgiven.

Forgiveness is a transaction that transfers grace both to you and to the one being forgiven. It opens the door to God's unmerited favor to be released in your life.
- 3 Forgiveness invites God into the situation and allows Him to resolve matters as He chooses.

Forgiveness releases victory in your life by creating a win-win situation. We overcome evil with good. See Romans 12:19-21
- 4 When you forgive and release the burden, it allows you to get in sync with God. And He elevates us to Heavenly Places - places of authority. See Ephesians 2:6
