Right Time. Right Budget.
High Standard.

the story.

if the space could talk, what would it say about **Z & Z**?

Z & Z Holdings Ltd. is a Custom Millwork Design & Build Company equipped with diverse operations in providing full range of millwork services including design, estimate, management, millwork finishing work and upholstery.

Since 1990, Z & Z's business has expanded across the Western Canada, and specialized in retail and supermarket projects, including *Nesters Market, Buy Low Foods, Super Store,* and *Choice Market.* We also have extensive experiences in commercial and institutional sectors, such as food services, schools, hospitals, and government services. We have been persisting in delivering our Promises and Commitments to our clients – *Right Time, Right Budget and High Standard.* Our involvement and understanding of the local markets will ensure your projects' success in Canada.

the story.

We place our client as our first priority. We strive our best to ensure our clients be given our utmost care and attention to their projects, and also our professionalism to meet their projects' needs.

the services.

Millwork

We have 1 million dollars worth of the latest computerized machineries and systems for design, construction, and millwork production. With a shop over 18,000 sqft large and a team of experience carpenters, we are fit for any size of production. Our millwork designers work closely with our shop, and our production flexibility can easily meet our clients' schedules. Millwork Assemble, furniture setup, and store fixtures & equipment installation are also the services we offer to our clients who need professional assistance.

Procurement

Our procurement team research in the local markets as well as working with the international suppliers, to acquire the finest material and the most innovative products with the best value. We ensure our clients have the best quality of product with effective pricing that suit their specific needs.

the services.

Safety

All our staffs are professionally licensed, and are insured by Work Safe BC. Our team is certified to operate heavy machineries such as scissor lifts and fork lifts, and has the sufficient knowledge on safety training. All our project millworkers meet the Work Safe BC operation requirement by obtaining the Emergency First Aid license. Z&Z takes great step to ensure everyone works in a safe environment.
