Jason's Journal

"Resurrection means that the worst thing is never the last thing."

Frederick Buechner

As the month of March begins, we as a church are entering into our third week of Lent. While the season of Lent is a season of self-evaluation, self-denial, and self-reflection we also anticipate the joy and hope of Easter's arrival. When I think of Easter, obviously my first thought is of Jesus' Resurrection. In the past, my second thought would be of the final resurrection, when God calls the church militant home. Now, however, my second thought is of hope in the now, not just waiting on the future resurrection; ***"Resurrection means that the worst thing is never the last thing."*** I do not know about you, but this quote offers hope to God's people in the present and in the here and now.

Years ago when I read these words from Buechner my entire perspective and understanding of Jesus' Resurrection changed. The hope of Easter morning is more than hope after we die or when Jesus returns, but hope in the everydayness of life. St. Mark, this is amazing news! This is amazing news to our lives as we are all more than aware of the struggles and burdens of life. We experience pain, illness, loss, grief, and consequences of choices in life; yet, ***resurrection means the worst thing is never the last thing.*** As we journey through life and Lent together, let us be mindful of the hope we have as God's people. Let us remember these words from Rev. Barrett Alewine that he often shared with me in trying times, *"This is a time to remember and celebrate that we are the Easter people."* Then, more times than not, he would follow those words with his summarization of Revelation, *"Hang in there, baby. God wins!"* May the hope of Easter and the joy of Jesus' Resurrection be an anchor of hope for us all in the storms of life.

Greetings St. Mark,

As many of you know, I went before the SC Annual Conference Board of Ordained Ministry to seek commissioning as a Provisional Elder in the United Methodist Church on February 5th. St. Mark, I am pleased to report that I passed two of the four areas required for commissioning as Provisional Elder. That also means that I will have to go before the SC Annual Conference Board of Ordained Ministry in 2025 to complete the final two parts of the commissioning process for Provisional Elder. I want to thank you, St. Mark, for all of your prayers, words of encouragement, and comfort the past month. As I continue to journey through the commissioning process and as we journey toward Easter, I want us to hold on to these words found in the Book of Ecclesiastes:

“He has made everything beautiful in its time. He has also set eternity in the human heart; yet no one can fathom what God has done from beginning to end.” (Ecclesiastes 3:11)

St. Mark, regardless of how precarious life may seem, may we find joy in the Good News that God is with us, God is faithful, and in time, we will experience the fullness of God!

Blessings on the journey,

Joey

Hello St. Mark Family!

We are in one of my favorite seasons of the church, Lent. This is a time of renewal, personal reflection, reflecting on our relationship with Christ, and looking for new ways to strengthen that relationship. During this season, we are preaching a series on relationships. If I dive deeper into the idea of relationships that we see in the Bible and the relationships that we personally have with Jesus, I feel like it all boils back to one thing, love. That's who we are, isn't it? We are creatures that long to be loved and long for relationships.

Back in the 13th century, the king of Sicily, Frederick II, conducted an evil experiment intended to discover what language children would naturally grow up to speak if never

spoken to. He thought it would be either Hebrew, Greek, Latin, or Arabic. So, King Frederick the Great took babies from their mothers at birth and placed them in the care of nurses who were forbidden to speak where the babies could hear them. Then a second rule was imposed: the nurses were not allowed to touch the infants. To his great dismay, Frederick's experiment was cut short, but not before something tragically significant regarding human nature was revealed. As you may have guessed, the babies grew up to speak no language at all because they all passed away. In the year 1248, an Italian historian named Salimbene di Adam recorded, with scientific observation, "They could not live without petting." The babies literally passed away because they desired to be touched. Modern medicine calls this phenomenon, "failure to thrive." For some reason, we flourish under the influence of love, and we gradually die without it. The implications of this fact are huge. The research of Dr. Dean Ornish touches on this idea. In his national bestseller, *Love and Survival*, Ornish presents study after study demonstrating that love is a chief influence for mental, emotional, and even physical health. On page 29, he summarizes the unexpected data: "Anything that promotes feelings of love and intimacy is healing; anything that promotes isolation, separation, loneliness, loss, hostility, anger, cynicism, depression, alienation, and related feelings often leads to suffering, disease, and premature death from all causes."

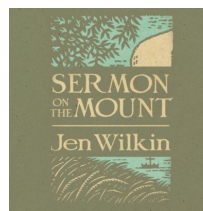

So why is this scientific information about love and relationships so important? If materialistic evolution is the truth of human origins, then human beings are merely biological animals, and there is no such thing as love. But here we are, creatures who thrive on love and are utterly dependent on it. A tenacious desire to love and be loved lives in every human heart. We try to explain it without reasoning beyond ourselves, and we seek to satisfy this need in countless material pursuits, but it remains—larger than anything this world can offer, more persistent than our most determined resistance, and insistently fixed on something more than ourselves. We can't help but ask the obvious question at some point: Why is it that we need love and relationship to survive? In two simple declarations, the Bible offers this answer: "God made mankind in His own image" (Genesis 1:27) and "God is love" (1 John 4:16). We thrive on relationships and love because our Creator desires relationship and love. My prayer is that during this time of renewal and self-reflection, as we make a journey to the cross, that we all strengthen our relationships. And not just the relationships with each other, although they are extremely important, but our relationship with Christ, who loved us so much and longed to be in relationship with us so badly that He was willing to die for us.

I pray this is a season of lent that leaves you refreshed and renewed and that strengthens your relationships. I hope to see YOU at CHURCH! BRING A FRIEND!

Notes from St. Mark Choir

Good Friday this year is March 29th. Mark your calendar to attend a presentation of *Illuminare* by Elaine Hegenberg at 7:00 pm in the First Presbyterian Church Sanctuary. Our St. Mark Chancel Choir will join seven other area churches, complete with a Chamber Orchestra, for this Good Friday observation. The other area churches include First Presbyterian, Main Street United Methodist, First Baptist, Immanuel Lutheran, Rock Presbyterian, and Our Lady of Lourdes.

This endeavor will be funded through donations from the area churches. As you can imagine, using a full Chamber Orchestra will be quite expensive, but so very meaningful during this Lenten Season and especially for Good Friday. St. Mark Choir will fund their part of the expenses using the Choir Fund. This fund is not part of the annual church budget. We would appreciate any support you could give for this community endeavor. If you would like to make a donation, please submit your donation to the St Mark Choir Fund,

Elaine Hegenberg's *Illuminare* was initially financed and publicized through a group of choirs in 2021 and made available for sale in 2022. This is an amazing 24-minute work consisting of five movements for SAT B choir. To quote the composer, "it uses lesser known sacred Latin, Greek and English text. The music takes us through a season of beauty and goodness that has been disrupted by darkness and confusion. But as light gradually returns, hope is restored, Illuminating our future and guiding us in peace."

It is our hope that you will join us for this Good Friday experience. Lent is a powerful time of year for self-reflection, culminating in the beauty of Easter. Goodness, Darkness to Light. *Illuminare!!!*

Musically,
Carol Jones

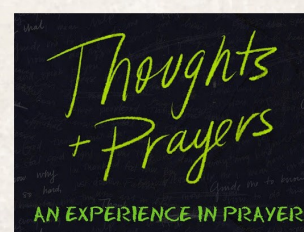

EPIC STUDENT MINISTRY

WWW.STMARKEPIC.COM

EPIC IS A CHRIST-CENTERED MINISTRY FOR STUDENTS IN GRADES 6-12. EPIC SUNDAY NIGHTS ARE FROM 6:30-8:00. WE BEGIN WITH FOOD AND FELLOWSHIP, TRANSITION WITH EPIC GAMES, AND THEN FOCUS ON OUR MESSAGE AND SMALL GROUPS.

ALL YOUTH ARE INVITED! BRING A FRIEND! THIS MARCH AT EPIC, WE WILL CONCLUDE OUR THOUGHTS AND PRAYERS SERIES, AND BEGIN AN EASTER SERIES CALLED LOVE.

MARCH 3rd AT EPIC

Imagine the impact when we go beyond words, lifting each other up in earnest prayer. In those moments, we tap into a divine connection that can move mountains and bring forth miracles. It's a privilege to serve a God who not only hears but responds to the heartfelt petitions of His children. Together, let's experience the power of true and active prayer, knowing that it is not a passive act but a dynamic force that connects us to the heart of God.

MARCH 10th, 17th and 24th AT EPIC

This March, we're starting this season called LOVE. It's all about the ways Jesus' life, death, and resurrection show us the greatest love the world has ever experienced. We're going to take a look at the most important, eternity-altering, world-changing event, the event that is good news for every student - the resurrection! In this series, we'll look specifically at three key people who had firsthand experiences with Jesus during that first Easter thousands of years ago: John, the men crucified next to Jesus, and Mary Magdalene. We'll talk about the way John wrote about Jesus's love, how forgiveness was one of the greatest expressions of love to the Thief on the Cross, and how Jesus's love showed Mary that she mattered. Because of what Jesus did and said to show them love, we can know the same kind of love is offered to us. The resurrection reminds us that...WE are loved, WE are forgiven, WE are valuable, too.

HSX, our High School Extra Bible study, meets after EPIC. 9th-10th Graders are studying 1 Peter and are led by Rev. Robby Lybrand in the Attic. 11th-12th graders are studying Hebrews and are led by Julie McLaughlin in the High School Room.

Check www.stmarkepic.com, social media, and your email for updates. Official registration opens March 1, but contact Julie today to pre-register with the church. Don't miss out on this opportunity to change homes and lives as you are changed, as well. You must be 14 or older by June 22 to participate.
