

BILL OF RIGHTS MONUMENT PLAZA

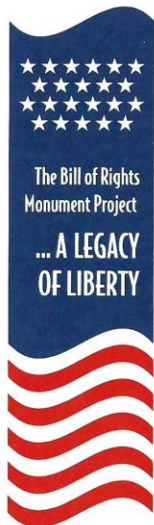

The Bill of Rights Monument Plaza at the Oklahoma Capitol, unanimously authorized by the Legislature in 2016, will be America's largest display honoring our nation's Bill of Rights.

Two identical structures measuring 14' at their highest points, 6'2" at their widest and just over 16' in total length, the monument will feature a collection of carvings celebrating Oklahoma's rich history and vibrant present. A total of 42 images and abstractions will adorn the open spaces surrounding the text on these Indiana limestone structures that match the exterior of the Capitol.

This Plaza at the Oklahoma Capitol will offer generations of visitors a welcoming and inspired setting to experience the enduring genius of the Bill of Rights, and its legacy of liberty that all Americans cherish.
