

VERIFICATION FORM

For organizations located outside the United States, the Raskob Foundation requires a Verification Form. The purpose of this form is to serve as a record verifying the existence of the organization, that it is Catholic, and its mission and ministry are of a non-profit and charitable nature, that is, it is a public charity equivalent as found in the United States.

The Foundation requires the Ordinary of the (Arch)Diocese in which the organization is located to verify these requirements by signing, dating, and sealing (with the official diocesan seal) the form. In addition, the form requests the Ordinary comment upon the organization and/or proposal that the organization is submitting for review.

All Verification forms *must accompany the submission of the Application*; therefore, it is necessary that a sufficient amount of time is planned in order for the organization to make available the form to the Ordinary, have him sign, date, and seal it, then return it to the organization for inclusion in the application submission. *Verification forms are **not** to be sent directly to the Foundation by the Ordinary/(Arch)Diocese.*

Please Note: This requirement applies to all types of organizations, including religious congregations/communities. It is the Ordinary of the (Arch)Diocese in which the religious community is located, not the Congregational/Community Leader who must complete the Verification Form.

Section 1. To be filled out by APPLYING ORGANIZATION:

- **Request Number** from the Raskob Foundation's Online Grant Site: **REQ -**
- **Name of the Organization** Submitting the Application:
