VOICES OF CHILDREN

Dec '23 - Jan '24 Beneficiary

Our first beneficiary is [Voices of Children](https://VoicesofChildren.org). They will receive at least 90% of all donations made from last month and this month.

Voices of Children provides children in Ukraine who are now victims of war with psychological and psychosocial care. One thing they provide is art therapy (as seen above).

“No child should be left alone with the experience of war,” is their mission and we agree. Hundreds of children have been victims of many war crimes from murder, kidnapping, sexual violence, and torture.

UPCOMING EVENTS

10K Challenge for U+Ukraine

The challenge will start on February 24th, the same day two years ago Russia invaded Ukraine, and end on March 1st. In the 7-day span participants will complete at least 10K by walking or running.

RESTORE UKRAINE

We urge participants to think about what it was like for Ukrainians that had to walk even further to find refuge as Russia has deemed civilian areas part of their war zone.

We will be looking for sponsors for donations to help make this a fun challenge for everyone!

Have a great New Year, we look forward to be apart of it!
