

## NJDHA Product Presentation – 1 CEU

Looking to learn about the newest products available to enhance patient care? Join us as we hear from directly from dental manufacturing companies who make products that improve the delivery of dental hygiene care. Each company representative will have 10 minutes to educate all about the what, why, when, and how to implement their product into patient care.

### Companies Presenting:

1. DentiAI
2. NoGAG
3. Premier
4. EMS
5. Hu-Friedy

### Objectives:

- Explore some of the newest products available that enhance dental hygiene care.
- Explain improvements of today's top performing products.
- Evaluate your options in appropriate delivery of treatments.
