

PRESENTATION:

Home Care, Housing and Long Term Care: Continuum of Care in the Community Tuesday, October 3 – 7:00 pm

Please join us for a FREE presentation on Home Care Services, Housing options, and Long Term Care planning with leaders from the IERHA. We know that the services available are sometimes not the easiest to figure out, or they look different in other regions. We will provide information in the presentation related to IERHA services, and have some handouts as well. There will be an opportunity for questions and conversations after the presentation.

Everyone Welcome!

374 1st Street West, Stonewall

Please call by September 29 to register
