

WEST HARPETH CHRISTIAN TUTORIAL

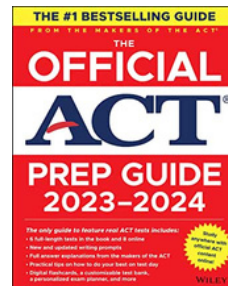

ACT Prep

Tutor:

Carrie Rezmer
crezmer@gmail.com

Prerequisites:

- Algebra I
- Geometry

Course Description

ACT Prep helps students learn essential strategies to earn their best score on the ACT.

Topics include strategies & drills for the English, reading, math, and science sections.

Books & Supplies

- ***The Official ACT Prep Guide 2023-2024***
ISBN - 978-1394196500
- graphing calculator
- 3-ring binder

Commitment

- This course meets on Tuesdays.
- It is a .5 credit course that can be taken in the FALL or SPRING.
- Students are responsible for knowing the due dates for all assignments.
- Homework will include reading of the ACT prep book, practice tests, and drills.
- It is advised that students spend at least a half hour per day prepping for the ACT to earn their best score.
- Bring a calculator to class everyday.

A typical class will look like...

All students should come to class prepared to discuss the assignments.

Class time will include a review of homework, drills, and topical strategy sessions.
