

## WEST HARPETH CHRISTIAN TUTORIAL

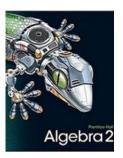

# Algebra II

#### Tutor:

Margaret Kirk kirk3469@yahoo.com

#### Prerequisites:

- · Algebra I
- Students scoring a B or better in prerequisites taken at WHCT are not required to take a placement test.
- All other students must pass a placement test prior to registration.

### **Course Description**

Algebra 2 is intended to delve deeper into algebra, solidifying topics covered in Algebra 1, and introducing more advanced topics for Precalculus.

Algebra 2 topics include linear systems of equations; quadratic functions, relations, and conic sections; polynomial functions, radical and rational functions, rational exponents, exponential and logarithmic functions; sequences and series.

Additional topics include an introduction to probability and statistics; matrices; and trigonometry.

#### **Books & Supplies**

- Algebra 2, 2011 edition (not common core)
  ISBN 0133500438
- binder with tabs labeled Notes, Homework, Study Materials, Assessments.
- · Loose-leaf paper & Loose-leaf graph paper
- · ACT-approved graphing calculator
  - TI-84+ preferred
  - · no phone calculators allowed
- MathXLforSchools access code (provided via lab fee)

#### Commitment

- · This course meets on Tuesdays AND Thursdays.
- At the beginning of each quarter, students will receive the assignments and due dates.
   Assignments will be a mix of MathXL and textbook exercises.
- Students are expected to show neatly written work.
- Students are expected to check answers to oddnumbered textbook exercises in the back of the textbook.
- Students will have homework checked for completion each class meeting. Not always, but possibly, even-numbered textbook exercises and math XL assignments may be taken for a grade.
- · Unit tests will be administered at home.

#### A typical class will look like...

Students will have a warm up exercise to complete as they enter the classroom.

This exercise provides a 3-4-minute review of the previous lesson or an introduction to the day's lesson. Students will have an opportunity to ask homework questions and then learn a new lesson(s).

Classwork/partner practice/activities are used during class time to reinforce the new material learned.
