Commitment

- This course meets on Tuesdays AND Thursdays.
- Students should read the current chapter at least once daily. They can also listen to a native speaker read the chapter on my website. This should take about 30 minutes a day.
- At the end of each chapter, students will take an open book test at home. The tests and book are only in French, so time spent looking for answers in the book is simply extra time studying.
- Students will progress in French according to the time and effort they personally invest.

A typical class will look like...

During class, students read the book aloud, practicing pronunciation and comprehension.

We also practice speaking in French a lot.

This is a highly interactive class and students should come ready to participate.
