Course Description

We live in turbulent times, and it is more important than ever to have a firm understanding of where we have come, and how the United States became what it is today.

Taught from a Biblical worldview, this course will help students gain an understanding of the forces, issues and events that have shaped the United States, and the people who made it happen.

As such, this is a critical-thinking style course, not simply a regurgitation of facts.

Although that will happen, too. :-)
