

Academic Planning

Our goal is to aid parents seeking to enhance or extend home education. Significant parental involvement is vital to student success. Therefore, we welcome applications from families who will accomplish the supervision and extension of class instruction, families who are active in a local church, and families who have complied with the Tennessee Homeschool Law regarding umbrella school registration (TCA-49.6).

Each year with the input of the families from the WHCT Families and the TN educational guidelines WHCT puts together classes that will best help support the WHCT student community and their parents who are in charge of reporting their homeschools to their umbrella school. You will see the suggested progression in this Academic Planning document so that you can create a plan for your student's junior and senior high years.

Please take note that our academic classes are college preparatory level, so please notice the difference as to which classes are Middle School options and with classes are High School options when you are planning your student's schedule.

GRADE LEVEL		
6th	English 6 	Creative Writing* 
7th	English 7 	Creative Writing* 
8th	English 8 	Creative Writing*
