

# HS Economics

Amy Thurman

[athurman@westharpeth.org](mailto:athurman@westharpeth.org)

## Prerequisites:

- This course is open to 10th-12th grade high school students.

## Course Description:

Exploring Economics is a one-semester course that provides one half-year of credit for high school. Students learn Biblical teachings about economics.

The curriculum emphasizes the contrast between command economies and free markets. *Exploring Economics* helps students understand both microeconomics and macroeconomics.

The course explains economic terms from supply and demand to GDP and the Consumer Price Index, giving students tools to understand what they hear in the news and to make wise economic decisions.

## Commitment:

- This is a 0.5 credit course that is offered in Spring.
- We will cover approximately 25-30 pages of reading a week, along with questions.
- A weekly 5-8-question quiz will be completed online.
- In lieu of a final, the students will prepare an end-of-the-semester presentation. The presentation is 3 minutes in length, on an economic topic of their choice.
- The homework will be approximately 2 hours per week.

## A typical class will look like...

We will cover various Economic topics each week, in addition to having class discussions on the applicable topics. We will also work in teams during class time to accomplish the tasks related to the applicable topics.
