PROTECT YOUR HARDWOOD
FLOORING INVESTMENT...

WITHOUT THE MESS

Why Use X-Treme Basic Coating's

Born out of bowling alley finishes in the 70's, Basic[®] Coatings was water based before water based was green. Manufactured right here in the USA, Basic Coatings was the originator and remains the innovator in water based wood floor finish and wood floor maintenance systems.

WHICH HARDWOOD FLOOR SOLUTION IS RIGHT FOR YOU?

The Dirt Dragon™, floor prep cleaning machine, and the Basic® Coatings commercial cleaners are far superior to any other cleaning system because it aggressively scrubs the floor and removes contaminants. Three distinct options using green cleaners that offer low odor and minimum downtime.

1 INTENSIVE CLEANING

Aggressively cleans: dirt, grease, hair, dust, built-up residue, contaminants.

This can be done alone as a routine maintenance procedure.

- Scrub with floor prep cleaning machine and I.F.T., the intensive cleaner
- Repeat scrub with cleaning machine and Squeaky, commercial floor cleaner
- Tack with microfiber cleaning pad.

2 CLEAN AND REFINISH

Aggressively cleans + Refinishes the floor to a uniform sheen of gloss or satin.

A combination of the Intensive Cleaning step and a quick and easily applied Hardwood Floor Refinisher. This system removes dirt from the floor and restores a uniform sheen.

- Scrub with floor prep cleaning machine and I.F.T., the intensive cleaner
- Scrub with commercial floor cleaner
- Apply Hardwood Floor Refinisher with a microfiber cleaning pad

3 TYKOTE® DUST-FREE RECOATING

Aggressively cleans + Refinishes the floor to a uniform sheen of gloss, semi-gloss, satin or super matte + provides a durable protective coating.

A combination of the Intensive Cleaning step and StreetShoe®, a very durable protective coating.

- Scrub with floor prep cleaning machine and I.F.T., the intensive cleaner
- Repeat scrub with cleaning machine and commercial floor cleaner
- Apply protective coating with a microfiber pad
- Top coat with preferred StreetShoe sheen
