G8106.3 Point riders must be registered with the scorekeeper or secretary before the first draw. Teams who fail to register point riders prior to the first draw shall have the first eligible riders listed on their entry blank designated by the show as point riders.

G8106.1 Each Team will designate one rider per class to compete for points toward the team championship.

G2304.1.9 A rider member is not eligible to enter an IEA show until a membership number has been assigned and the membership has been activated for the current show season by the IEA Membership Office. Riders who become eligible after the closing date of a competition may not enter and compete in that event.

G2304.1.10.2. A rider (who has changed teams during the competition season) may be used as a point rider for the new team if they have not yet competed (with their previous team) during that competition year. If a rider has competed that season, they are not eligible to be designated as a point rider for the new team during that competition season.

G3204.1.3 Any rider granted a third year in any class through petition may not be designated as a point rider during regular or post season competition in that class.
