

Dear HBC and Chris,

Thanks so much for writing. We don't normally hear from anyone at Harvest. Thank you for the news. We look forward to meeting Pastor Cook when we are home next.

I will be sure to include our address in the letters we send to you. In case you don't have it, it is;

Paul and Bella Gervasi
Box 1057 / YMMP
Pontianak, 78010
Kal-Bar
Indonesia.

It hasn't changed in a very long time. In fact it only changed then because the post office revised their post office box numbers.

Normally we write every month or two. Writing once a quarter shouldn't be a problem. We also try to answer any personal letters we receive. I have been sending letters to Harvest to Ken Cina. Is that still what you want us to do? Are there other addresses you want us to use, or include?

From the dates you gave me, it sounds like we are about the same age. I went to Surabaya twice when our daughters were born in East Java. I had to register them with the consulate there. And of course we have been to Jakarta MANY times through the years. But now it is so crowded that it takes hours to get from the airport to downtown and vice versa. Getting around in Jakarta is not fun. I understand the government is planning on moving the capital to East Kalimantan. I imagine that Jakarta will still be the hub for business. There isn't much in East Kalimantan, which I guess is the point. Do you ever go back to visit your family?

Did you come to the Lord in Indonesia? I am sure with the name "Christian" you were never Moslem.

Thanks again for writing. Please feel free to write any time you like.

Paul
