UPDATE ON SPECIAL PRAYER REQUEST!

The South African embassy has confirmed they have all of our visa paperwork and are still processing the applications. This means nothing of ours was mailed with our Priority Mail envelope to a stranger in Illinois. We are assuming they just used our self-addressed and stamped envelope for someone else's paperwork. With our track record with the USPS, we have submitted a request to the embassy to pick up the visas in person in D.C. when they are ready. We continue to wait and pray. Thank you for your prayers! ❤️ We have complete peace in all of this as the Lord holds the kings' hearts in His hands (Proverbs 21:1).

THANK YOU FOR YOUR PRAYERS & SUPPORT!
