October 2023

Dear Pastor and friends:

Great Church Planting Conference in Salta, Argentina

Our Spring Church Planting Conference was in the city of Salta, in the northwest corner of Argentina and it was a very, very good meeting. The themes were: Planting a church and taking it to be self supporting, and How to revive a stagnant church. The speakers presented some good, practical teaching and advise. There were 12 pastors and their families present, representing 6 different Provinces, mostly of that region.

Pastors and their families

We want to thank each church who gave special offerings to assist a pastor and his family in traveling to and from the conference. They were very appreciative of the help, and excited about putting the teachings into practice on their return. We also appreciate your investment in the work here. Now we are looking

forward to seeing what the Lord is going to do in the next 6 months in these churches. Each pastor left with a desire to take their churches to be self supporting, raise up future pastors, and start new works.

Pastors and their wives

At the meeting, we also approved a project to help the church in Ojo de Agua purchase the materials needed to finish the stucco of the sides and back of their new building, and all the inside walls. Each church is raising a special offering for this project, and the total is comitted. We praise the Lord for the willing attitude of these pastors in helping a sister church.

This Church Planting Ministry would not have been possible without your prayers and financial support over the years. Thank you so very much.

Steve and Pam
