## OCTOBER/NOVEMBER 2024 MINISTRY UPDATE

---

Hello Friends & Ministry Partners,

We are excited to share how God has been working over the past two months as we continue serving Him in Sierra Leone. We are also thrilled to announce our new strategic partnership with Global Surge ([www.globalsurge.org](http://www.globalsurge.org))!

Global Surge is dedicated to sustainable, Gospel-centered impact, discipleship, and church planting. This collaboration perfectly aligns with our shared vision of reaching the lost, renewing individuals through discipleship, raising ministry leaders, and releasing church planters to fulfill the Great Commission. We look forward to utilizing Global Surge's strategic pipeline approach to enhance our ministry efforts.

### October/November Ministry Highlights:

- Church Leadership Training: Shaun has had the opportunity to teach/train within a local church in their leadership's continued growth and development.
- Audio Bibles Distributed: The first batch of solar-powered audio Bibles has been distributed, bringing God's Word to communities with limited literacy. More are on the way to reach even more people in these remote and unreached areas.
- Discipleship: We are grateful to have received a large shipment of discipleship materials from Leadership Ministries Worldwide (lmw.org). We have already begun using them and are excited to see how they will impact lives.
- Evangelistic Outreach and Fire Relief: We provided aid and shared the Gospel in a community devastated by a tragic fire.
- Strategic Planning for Global Life University (<https://global-life.university>): Preparations are underway for the launch of Global Life University-Sierra Leone in partnership with a local pastor (Michael Turay) in January 2025. This institution will provide doctrinally sound training for pastors, church leaders, and church planters nationwide.

### The coming months are full of opportunities to serve and grow the ministry:

- December Pastoral Leadership Training: Shaun will teach at the Sent Ministries National Pastors Conference to equip pastors, church planters, and missionaries in Sierra Leone with biblical tools for their ministries.
- Supplies for Medical Outreach: We are blessed to assist our fellow missionary friends with organizing medical supplies in preparation for a January evangelistic campaign that will serve the unreached and underserved. We look forward to serving on this Gospel-focused effort together.
- Kono District Pastoral Training: In December, we will travel to another village in the Kono district to provide pastoral training and encouragement to local church leaders. In addition, we will attend and speak at a youth conference that promotes education in the area as a platform for the Gospel.

### Prayer Requests:

- For the Global Surge Partnership: Pray that this new partnership will yield lasting fruit for the Gospel in Sierra Leone.
- For the Upcoming Launch of Global Life University: Pray for wisdom, provision, and effective implementation as we prepare to equip the next generation of pastors, missionaries, and church planters.
- For Those Impacted by the Fire: Pray for healing, restoration, and spiritual growth for the families and individuals affected.
- For Ongoing Outreaches and Training: Pray for open hearts as we share the Gospel and equip leaders in the coming months.
- Thank you for praying for and supporting us. We praise Him for what He has done and trust Him for what is yet to come!

In Christ,

Shaun & Christin Evans
