

Pat Grymala's text message

How can this board election be fair if you only have 5 names on it? I know someone who would like to run. She said she couldn't because you told her the slots were filled and there would be no write-ins. There should have been a notice sent out to the community asking if anyone wanted to run for the board. Those names would then be added for the election. What you have done is a joke and needs to be rectified.
