# Guided Tour of WaterWorks

## Topic:

WaterWorks is the only exhibit in Southern Nevada that provides this in-depth perspective on the region's water treatment and delivery system. The exhibit offers dynamic, hands-on experiences that engage visitors in understanding the complexities of water resource management in Southern Nevada.

RSVPs are required. We'll briefly meet in a conference room for lunch, chapter business & raffle, then we'll split up and go on the tour. The tour will take approximately 45 minutes, but please plan to stay longer and explore, on your own, all that Springs Preserve has to offer such as the Origen & Nevada State Museums and Boomtown 1905!
