RISE[®] SIDING & TRIM

RISE® SIDING & TRIM

PROTECTS AND DELIVERS WHEN OTHERS FAIL TO SHOW

Look/Feel of Wood: You can cut, install and handle RISE siding and trim like traditional wood because RISE mimics natural wood's simplicity and flexibility, but without the associated cost and maintenance. No special tools needed.

Ground Contact & Moisture Resistance: RISE products withstand heavy rain and snow while defying freeze/thaw damage and resisting rot. RISE siding and trim products are also the only hard siding products on the market that allow for incidental ground contact.

Easy to Handle: With less breakage and no special tools required, you can save time and reduce jobsite waste. RISE is also the only exterior siding product available in 13' 4" (160") lengths, making it the perfect length for 16" on center stud spacing.

94% Recycle Content: RISE products are created with 94% recycled materials. By reclaiming the high performance synthetic fibers and polymers, we were able to engineer a durable siding solution that reduces the need to landfill these materials.

30-Year Warranty: RISE products are backed by a 30-year substrate limited warranty.

RISE BENEFITS OVER OTHER SIDING

	RISE®	OSB	Fiber Cement
Look / Feel of Wood	X	X	
Ground Contact	X		
Low Jobsite Waste	X	X	
Moisture Resistance	X		
Easy to Handle	X	X	
90%+ Recycled Content	X		

The patented manufacturing process compresses reclaimed synthetic fiber and polymer materials into dense and durable wood replacement products that come in smooth and woodgrain finishes.

RISE® Lap Siding
