Trim Kits

Trim your windows, trim your time!

Benefits of Trim Kits:

- Completely assembled extension jamb with your choice of casing applied utilizing raw or finished materials
- Q-Lon weather stripping pre-applied (optional)
- No field cutting of interior trim
- Tight miters every time
- Can be pre-finished prior to installation
- Custom sizing and jamb depths available
- For vinyl or aluminum windows
- Huge labor savings
- Up to 16" jamb depth and 12' lengths on some species
- Also available in patio door kits
- Available 8', 10' and 12' pieces
- 5-15/16" available in white vinyl, poplar, maple, oak, alder and pine
- 16" available in white vinyl, poplar, maple and oak

Stairs are one of the most architecturally significant features of the home, and at the same time, one of the most challenging features to design. To help you in the design process, here are several things to take into consideration when choosing the correct stair system for your home:

- Is the stair "Post-to-Post" or "Over-the-Post"?
- What specie of wood matches the consistency of the home?
- Are the stairs carpeted or bare wood?
- What turning, newel, baluster and handrail profiles match the theme of the home?
- Most importantly - What are the local building codes regarding stairs in your area?

Stair Parts

**FU-6282
EZLOCK Fastener**

Use to mount 3" to 3 1/2" newel posts on finished and unfinished floor surfaces. Mounting plate has holes for center or off-center post placement.

Package includes:

- 1 - 3/16" x 4-5/8" x 4-5/8" steel plate
- 13 - #10 x 2-1/2" wood screws

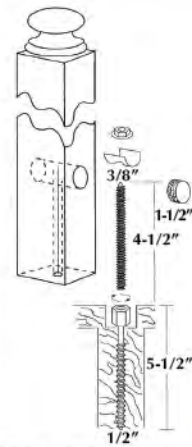

**FU-6286
Dowel Lock Fastener**

Use to mount round newel posts and balusters on starting steps with volutes or turnouts. Simple method to mount the post after the starting step is installed – no access from below is needed. Attach balusters with dowel screws to avoid stress cracks on radius edge.

Package includes:

- 1 - 1/4" x 3 1/2" dowel screw with center stop
- 6 - 1/4" x 2 1/2" dowel screws

**FU-6284
Thread Lock Fastener**

Use to mount newel posts on finished and unfinished floor surfaces. The split bolt system makes it easy for universal applications.

Package includes:

- 1 - 1/2" x 5 1/2" with 3/8" ID hex head
- 1 - 3/8" x 5" threaded rod
- 1 - 3/8" serrated flange hex nut
- 1 - Steel radius washer
- 1 - 1 1/2" reversible oak/beechn wood plug

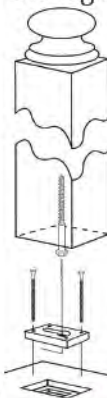

**FU-6287
Mini Lock Fastener 2/PACK**

Use to fasten handrail to newel post for a fully concealable installation. Use to join mitered/angled railings and other fittings for factory tight joints.

Package includes:

- 2 - 1 1/4" diameter x 1/8" hardened steel plate
- 2 - #8 x 1 1/4" pan head screws
- 2 - #6 x 1" flat head screws

The KeyLOCK™ Newel Post Fastener is fully concealable. No extra moulding or wood plug is required. Use on finished floor surfaces, stairs, nosing, ceramic tile, and concrete. Designed to tightly draw two members together as the lag bolt head slides down the keyhole slot.

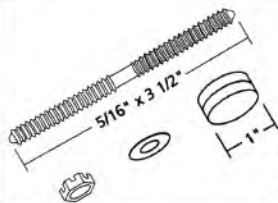

Package includes:

- 1 - 2-5/8" x 1-7/8" x 3/8" steel plate
- 1 - 3/8" x 5" lag bolt
- 4 - #10 x 3 1/2" wood screws

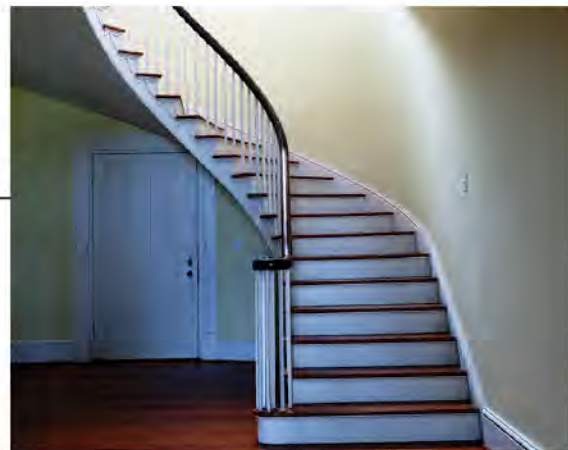

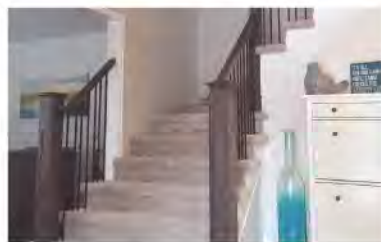

**FU-6283
Keylock Fastener**
