From Desk of Pastor Bill

It happened again. Just like it has for every one of my 67 years. The trees turned beautiful colors. The nights cooled. Eventually, the days cooled as well, and the leaves fell. In looking at the pattern, I think it would be safe to say that in not too long we will have snow. I can say that not because I am some kind of psychic, but because that is what I have experienced my whole life. Although the exact dates that each of these things happen varies from year to year, we can count on the fact that they will happen. God has promised it. In Genesis 8:22 we read,

“As long as the earth endures, seedtime and harvest, cold and heat, summer and winter, day and night will never cease.”

We can count of the faithful consistency of the seasons because they have been set and kept in motion by a faithful and consistent God. In the first chapter of the Epistle of Colossians, the Apostle Paul writes,

“For in him all things were created: things in heaven and on earth, visible and invisible, whether thrones or powers or rulers or authorities; all things have been created through him and for him. ¹⁷ He is before all things, and in him all things hold together.”

Did you see that? ***“In Him all things hold together”*** That means there is nothing a man or men or scientists or activists or a political party can do to change God’s divine order. Nothing. And even though there are those out there who scorn the very God of creation, yet He cares for them...faithfully and consistently. In the 5th chapter of the gospel of Matthew, Jesus said this,

“He causes his sun to rise on the evil and the good, and sends rain on the righteous and the unrighteous.”

God’s consistent, faithful creation is a blessing to all, even to those who deny Him. To those of us who appreciate not only the creation but the Creator, God’s faithfulness in creation is just one more reason to praise Him.
