HAPPY NEW YEAR!!!

From the Desk of Pastor Bill

For many of us, January is a time to reset. It's a time to start things anew. A time to correct or readjust all the things we felt we didn't do quite right the year before. Having just come out of a very busy holiday season, one of the things I see a need to change is the way I handle the stress of believing I have more to do than hours in the day to do them.

I really see this when I'm shopping. I find myself rushing...almost running through Walmart trying to get in and out as quickly as possible. If I stop to observe what is going on in my body, I find that all my muscles are tense. Often, I find the need to physically stop in the middle of the store, take a deep breath and consciously relax.

As much of a problem as it is for us physically to be so internally rushed, it's also not good for our relationships. When we are in "Go mode", we put tasks above people...and above God. We get so busy serving God (and occasionally others) that we forget to enjoy and spend time with those most important to us...those we are seeking to serve.

My verse for this new year is this...

Matthew 11:28-30

"Come to me, all you who are weary and burdened, and I will give you rest. Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls. For my yoke is easy and my burden is light."

Not only does Christ invite us to find rest in Him when we are weary and burdened, but He reminds us that His yoke for us is easy and His burden is light. What that tells me, is that if I am finding myself running myself ragged, I am probably doing more that God is calling me do. God will not call us to do more than He will provide the strength (and grace) to do.

In 1956, golfer Walter Hagen wrote, *"Don't hurry. Don't worry. And be sure to smell the flowers along the way"*. Good advice, but I would add, "Take the time to talk with the others who are with you admiring the flowers and don't forget your God who created those flowers.
