
PRE / POST MARRIAGE COUNSELING REVIEWS

How do I start because I have so much to say. I initially searched Wedding Wire for a wedding officiant and found Dr. Khannah! I received a phone call within minutes of me emailing her. I love the timely response and her awesome personality. After our first phone conversation I knew I could stop the search for a wedding officiant because I was sold on her professionalism and communication skills. To my surprise she offered premarital counseling. Let me just say that I never intended to do counseling but after the first session with Dr. Khannah, we ended up scheduling 3 more. That speaks volume to me. Her wisdom and insight is second to none. I'm not typing this review to sell a fairytale. I'm typing this to share how phenomenal our experience has been with her and I'm confident that you will have the same. My fiancé wasn't opposed to counseling but like most he didn't think we needed it. Now, he looks forward to our sessions and so do I. We have learned so much about each other and grown in our relationship because of the advice and insight we received in our sessions. I can't wait for our wedding day on March 13, 2021! All the sessions we've completed will be brought to the altar as Dr. Khannah officiates your nuptials. Thank you to the people before me who left a positive review because I see firsthand that every word you said about her was true. I don't just recommend Dr. Khannah, I highly recommend her.

Amazing!!!

Dr. Josue has been a pleasure to work with, she shows the passion, positive drive and love she has for her profession. My fiancé and I have been dealing with personal struggles in our relationship that needed adjusting. Issues we have been fearful in sharing with close family and friends due to judgement. In seeking a therapist, we wanted someone of our culture, someone who would be non-judgmental, fair and honest. Dr. Josue has met all our expectations and beyond. She has a magnetic and loving personality that allows us to feel comfortable in sharing our deepest hurts and faults. As being Christians, we love how she uses the bible and religion to make things clear and understandable. We love how she dissects our issues, makes life clear and

provides reasoning. Her education on life, marriage, behaviors and personal growth has helped us tremendously. We HIGHLY recommend Dr. Josue, she is the best and we are soooo grateful for her. Trust us, you will not be disappointed.

Dr. Khanna was fabulous

I just want to say that my husband and I couldn't have picked a better officiator for our big day. Dr. Khanna was a delight to work with and was always so prompt with answering any questions we had. To top it all off, she also offers premarital counseling, and one session came with our package. It was a wonderful and insightful session, and we were grateful for her wisdom. She's awesome

We found Dr. Khannah Josue on The Knot and were excited by her “About Me” section and every single one of her reviews being five-stars. On our first Zoom meeting that was a “get-to-know-you”- we instantly fell in love! Dr. Josue asked EXCELLENT QUESTIONS to really help us understand who we were as individuals, who we wanted to be as a married couple, and the areas in our relationship that were opportunities for growth. She really wanted to get to know us and it was obvious she cared about us and the success of our relationship. We are now married but have kept Dr. Josue on as our marriage counselor because she is just that wonderful! She is hilarious, intelligent, warm, loving, and not only do we have an amazing relationship and life

counselor in her- we now also have a bonus mom! We highly recommend her- 100%!!!

Dr. Khannah Josue and her team were simply amazing. Dr. Josue and her team were punctual and very professional. The most important thing to my husband and I was selecting a wedding officiant with a great aura of energy. Dr. Josue was so much more than we expected. We got to experience her great energy prior to our ceremony when we completed a martial counseling session with her, that was very enlightening and beneficial. Definitely recommend completing the martial counseling session with her. My husband described Dr. Josue as a ray of beautiful energy and sunshine. She was the perfect officiant for our ceremony, she spoke so much positivity, life, and love into our union. I know our union will be blessed for many years because of the beautiful and powerful words she delivered during our ceremony. We couldn't be happier with how everything turned out and recommend everyone hire Dr. Josue and her team for your ceremony, I promise you won't be disappointed. Thank you, Dr. Josue and team for everything.
