

# SET AT *Liberty Welcome*

Welcome to Set At Liberty! You were appointed by God to be here!

You have not registered for a conference. You have entered a council.

This is not a space built on hype, emotion, or performance. This is a governed environment designed for one purpose: the restoration of the bruised soul and the recalibration of internal government according to eternity. Over the course of these three days, you will be brought into a deliberate and structured process. Every session, every moment, and every instruction has been set in order to address what has gone unaddressed for far too long. This council exists for those who have remained loyal yet injured, those who have honored yet found themselves internally conflicted, and those who have carried bruising in silence while attempting to maintain alignment.

Here, we do not ignore the bruise. We identify it. We diagnose it. And we restore what has been disrupted. You will not be asked to perform. You will not be asked to pretend. You will not be asked to suppress discernment in the name of honor. Instead, you are being brought into a space where truth is not muted, honor is not weaponized, discernment is not punished, and internal conflict is addressed with precision.

This is a council, which means there is order, there is instruction and there is accountability to truth. You are entering an environment where your internal government will be confronted, your discernment will be restored, and your ability to function in alignment with eternity will be recalibrated.

The assignment is clear: “The Spirit of the Lord is upon me... to set at liberty them that are bruised.” (Luke 4:18) That is not a theme. That is the mandate.

As you prepare, come ready to be honest. Come ready to see clearly. Come ready to receive what is necessary for restoration—not what is comfortable, but what is true. This is not about emotional relief. This is about government restored, clarity returned, and function realigned.

You will leave differently! Not because you attended, but because you submitted to the process of restoration, alignment.

Welcome to Set At Liberty!

With order and expectation,  
Apostle Johnita Collins

“

The goal isn't more money. The goal is **wealth** & **legacy** building according to your lineage. Therefore, remember the LORD your GOD, for it is He who gives you power to get wealth, that He may establish His covenant which He swore unto thy fathers, as it is this day.
