

Wyatt Marchand

TITLE AND LOCATION <i>City and State</i>	PROJECT DESCRIPTION <i>Brief scope, size, cost, and specific role.</i>
Sr. Data Analyst, Yakima, WA	Maintained the General Fund Enterprise Business Systems (GFEBS) database for the Department of Public Works (DPW) at the Yakima Training Center \$3.3M
Scientific Technician, Priest Rapids Dam, WA	Processed salmon and trout at Priest Rapids fish ladder and hatchery during the spawning season. Implanted coded wire and Passive Integrated Transponder (PIT) tags into adult summer Steelhead and Coded Wire Tags (CWT) into juvenile Steelhead \$27.4M
Natural Resource Technician, Pasco, WA	Used GPS to locate public and private lands and post signs and a variety of hand and power tools to show the boundary of hunting areas. Assisted the wildlife manager with waterfowl population research and other conservation tasks. \$55M
Research Assistant, Winnemucca, NV	Surveyed Riparian areas to find noxious invasive weeds in the mountain ranges of Northern Nevada. I identified invasive weeds in riparian areas and mapped the area using a Juno series, Trimble GPS device running ArcPad 10. Uploaded and downloaded GIS data from the National Invasive Species Information Management System (NISIMS) \$2.2
Washington Conservation Corps Crew Member, Yakima, WA	Thinned underbrush, supervised controlled burns, and cooperated with private landowners to remove fire hazard material to prevent wild forest fires. Constructed and repaired fences on public and private lands. Constructed a salmon habitat using large woody debris to impede water flow and prevent flooding \$58M
