TERMS:								
Cash when order is picked up, or 30 days on established accounts. A 2% monthly service charge will be applied to all accounts past due. All plants are B&B unless otherwise noted. All nursery stock is guaranteed to be true to name and state inspected. We give no warranty expressed or implied as to the productiveness or growth of nursery stock. All sales are final -- no refunds on nursery stock. Prices are subject to change without notice.								
☆☆☆☆ Important- always call ahead prior to picking up plant material. Cell #(513) 550-9362. Availability of nursery stock subject to prior sales. ☆☆☆☆☆								
Environmental Grade								
We always have a varying assortment of trees that do not meet our typical quality standards. We offer these trees at 30% discount off our list price.								
DIRECTIONS TO NURSERY:								
Our nursery is located north of Ross, Ohio.								
From 1-275, take U.S. 27 (Colerain Ave.) north to Millville, Ohio. At 1st traffic light past fire house, take State Route 129 west toward Brookville, Indiana. Follow State Route 129 3.5 miles to Robinson Rd. Turn left on Robinson Rd. -- nursery is on left.								
Our nursery caters to the small landscaper, offering a wide selection of quality plant material, in manageable sizes and quantities that allow change-up in the annual offerings.								
Our hours are flexible to accommodate customers for early or late pick-up. Please remember to call ahead to make sure someone is at the nursery to be of assistance.								
Find us!

			<p>Lagergren Nursery has partnered with Taking Root in an ambitious regional reforestation campaign. The goal is to plant 2 million trees by the year 2020 -- one for every resident of the 8-county tri-state area.</p> <p>Canopy cover provided by shade trees creates what's called "green infrastructure" -- delivering clean air, stormwater management services and public health benefits. Unlike grey (concrete) infrastructure, the benefits delivered by trees increase over time.</p> <p>Register your trees here -- http://www.takingroot.info/join-in/registree/</p> <p>Learn more about green infrastructure here -- http://www.treebenefits.com/ (site scheduled to update in 2020, but you should be redirected)</p>					

[1] Key to abbreviations used here:

S/O = SOLD OUT

n/p = NEWLY PLANTED

PW = PROVEN WINNERS®

[2] = CZBG = info based on Cincinnati Zoo & Botanical Garden plant lists -- <http://cincinnati-zoo.org/plants/>

Ⓔ = native

Ⓔ = sustainability score ranks as very good to outstanding under the CZBG evaluation matrix

Ⓔ = deer resistance scored as "high" (albeit, a rapidly dwindling regional list)

✓ = appears on CZBG lists of top-recommended plants for this region

- = drier sites tolerated

+ = wetter sites tolerated

** if you notice that CZBG has updated lists/ scores and our data is in error, please send us a note -- lagergrennursery@aol.com

[3] = regarded as valuable for native and managed bees, and flies, wasps, etc.

🍯 -- nectar source

🍯 -- pollen source

Info gleaned from various sources.

** If you're aware of reliable info for a specific plant that is not reflected here, please shoot us a note -- lagergrennursery@aol.com

[4] = plants for moths & butterflies (lepidoptera)

🍯 = nectar source

🐛 = larval food source (so EXPECT some foliage feeding!)

Info largely from <http://www.gardenswithwings.com/>

** If you're aware of reliable info on a specific plant that is not reflected here, please shoot us a note -- lagergrennursery@aol.com

[5] "Other" tags →

seed, nectar or pollen is valuable/ attractive to birds (like finches), hummingbirds or one of the many non-bee insect pollinators

(gleaned from multiple sources)

🐦 = seeds attract birds like finches

🐝 = other insect pollinator

🐝 = flower nectar attractive to hummingbirds

🐦 = fruits, seeds support wildlife

** This is just to encourage you to think more broadly about your plantings. It is by no means an attempt to be comprehensive.

[6] *Choose 'Jim Dandy' as the pollinator for early-flowering hollies like 'Red Sprite', 'Afterglow', 'Aurantiaca', 'Cacapon', 'Shaver', and 'Stoplight'.

[7] These are among the new, non-invasive choices in Buddleia.
