We have been doing these maps since 1991!
From month to month we can demonstrate the
**incredible investment capacity of home-ownership in
Toronto.**

It was a cool summer but the Real Estate Market did not feel it and remained hot. There is now considerable product on the market and it is an excellent time to buy as the interest rates will not remain as low as they are now.

We can provide you with:

- A guide for first timers *and* those more experienced.
- An estimate as to the value of your home with a complete statistical backup.
- Advice as to all costs involved in moving.
- Advice on making the most from your present home. (Little things mean a lot - painting the front door makes an instant good and lasting impression).
- The best time to sell your home (you might be very surprised).

All this and more are free for the asking and totally without obligation.

We are committed to the highest level of professional service for you, guaranteed.
