### Whoops We Did It Again!

Just when we thought the boom was over, we spent the last quarter with frequent multiple offers and good prices for the sellers. Although this was difficult for first-time buyers; with coaching and understandable nervousness they came through with a wonderful new home (although maybe not the first one they bid on, eventually a much better one, just as we promised). So if you want the best, give us a call - buying or selling - we do it all.

#### We can provide you with:

- A guide for first timers *and* those more experienced.
- An estimate as to the value of your home with a complete statistical backup.
- Advice as to all costs involved in moving.
- Advice on making the most from your present home. (Little things mean a lot - painting the front door makes an instant good and lasting impression).
- The best time to sell your home (you might be very surprised).

All this and more are free for the asking and totally without obligation.

**We are committed to the highest level of professional service for you, guaranteed.**
