

THE KINGDOM IS NOT A DEMOCRACY

By: Fountain Hendricks

(Ecclesiastes 8:4)

The Kingdom of God is **NOT** a democracy. If you think of the Kingdom like a democracy you will **NOT** understand how the Kingdom of God functions and operates. A democracy is governed by the people. It is an opinionated style of government that encourages people to agree on a common goal.

In order for democracy to work people need to compromise their standards and adjust their belief system. In a democratic government God is **NOT** the focal point of reason. People are. Many people have a hard time understanding the Kingdom of God because they cannot destroy their democratic mentality.

People who have a democratic mindset are very opinionated while being compromising at the same time. This mentality is in conflict with the Kingdom of God. People who **EASILY** understand the Kingdom of God have a submissive mentality.

Living in a democracy **PREVENTS** you from learning how to be submissive. It **PREVENTS** you from believing without seeing evidence. It **STOPS** you from obeying without questioning. Living in a democracy prevents you from understanding the Kingdom of God.

CHANGE YOUR MIND

People who have a democratic mentality are adamant on being heard. This perception and attitude hinders them from benefitting from the Kingdom and learning about it. In a **NATURAL** kingdom, like Belgium, the most important voice to be heard is **NOT** the citizens, it's the King.

Unlike democracy, the Kingdom of God is established based on the thoughts of King Jesus. Kingdom citizens adhere to the words of their King. The King does **NOT** adhere to the words of His citizens.

When you approach King Jesus and His Kingdom with a democratic mentality you will **NOT** be successful in your endeavor. Why? Because King Jesus will not entertain compromising conversations that conflict with His teachings.

He will not listen to the opinions that are against His doctrine. Isn't it amazing how many people approach King Jesus with **THEIR** dreams, **THEIR** plans and **THEIR** agenda? People who approach a King with **THEIR** ideas have **NO** understanding on how a Kingdom operates.

Many people do not experience the glory of the Kingdom of God because they bring a democratic mentality to a Holy King. Unfortunately, there are a multitude of

Kingdom citizens that have not been delivered from the spirit of democracy.

This mindset prevents a multitude of people from receiving the blessings of the Kingdom of God. People miss out on divine opportunities because they are bound by a democratic mindset.

NO COMPROMISE

Ecclesiastes 8:4

The scripture says, "*What the King says is law; no one tells him to what to do.*" Every word that is written in the Bible cannot be changed. Every instruction that the Holy Spirit gives you is non-negotiable.

In the Kingdom of God the voting concept does not exist. In order to grasp how the Kingdom government is structured study these essential principles.

- The focal point of Kingdom government is **OBEDIENCE** to King Jesus constitution. It is not the articulation of personal opinions.
- In Kingdom government the people **DO NOT** govern themselves. King Jesus governs the people.
- In Kingdom government the citizens are not paid with money. They receive **SUPERNATURAL PROVISION**.
- In Kingdom government obeying the laws of the Kingdom generates prosperity. Networking with influential people **DOES NOT** generate prosperity.
- In Kingdom government the only way to accomplish anything on the earth is to **WALK BY FAITH** and trust the instruction of the Holy Spirit.
- In Kingdom government every citizen is required to pay their taxes (**TITHES**) so they may have access to Heavens economy.

- In Kingdom government the citizens are **NOT** soldiers.
The angels are the army of King Jesus.
- In Kingdom government the Holy Spirit is the **SOURCE**
of all truth and education.
- In Kingdom government **RIGHTEOUSNESS** is the
standard, not the opinions of men.
- In Kingdom government people are **NOT** given jobs.
They are given divine assignments.
- In Kingdom government capitalism does not exist.
There is **ONLY** commonwealth.
- In Kingdom government law violators are not punished
in a court of law. They are punished by the cycle of
SOWING AND REAPING.

- In Kingdom government Jesus has the **LAST** word. Not people!
