

# WHAT IS THE DEFINITION OF LIFE?

By: Fountain Hendricks

Ecclesiastes 3:1

Everything you do revolves around **TIME**. Nothing you do is void of time. Whether you realize it or not the quality of your life is determined by how you use your time. People who manage their time wisely have a better life. People who manage their time foolishly will have a troubled life.

## HERE'S WHAT I MEAN

- People who manage their time **WISELY** will have more options, better opportunities and more advantages.
- People who **DO NOT** manage their time wisely will increase their hardships, headaches and problems.

A portion of God's blessings are only available during a certain season. If you are not sensitive to time you will miss out on the blessings that God has scheduled for you. Remember, your life is an accumulation of **TIME**.

## THINK ABOUT IT

If you have children there is a block of time designated for you to enjoy your kids adolescent years. If you are married there is a block of time for you to enjoy your spouse before the Lord takes them.

If you have a job there is a block of time designated for you to enjoy the favor of the Lord before the Lord shifts you into a new season.

## NOTHING STAYS THE SAME

Ecclesiastes 3:1 says, "There is a time for everything, and everything on earth has its special season." Everyone has a different idea on what life is. Some people say life is

about God. Life **SHOULD** be about God. Unfortunately, it's not. Making life about God is a personal **CHOICE**. It is not an inevitable circumstance.

Some people say life is about love. It would be great if life was about love. However, demonstrating love is a choice. It is not an inevitable circumstance. The meaning of life is defined one way...**TIME!** Whether you agree or disagree **EVERYONE** is subjected to the reality of time.

Nothing stays the same in this world because we are relegated to time. Your body changes **OVER TIME**. Your perception changes **OVER TIME**. Your ideas change **OVER TIME**. Your perspective changes **OVER TIME**. Overall your life changes **OVER TIME**.

## HOW ARE YOU SPENDING YOUR TIME?

Are you wasting your time (life) watching Netflix? Are you wasting your time (life) entertaining foolish friends? Life is

too short to waste time. Psalm 90:12 says, "Teach us how short our lives really are so that we may be wise."

When you realize that the definition of life is **TIME** you will appreciate what psalms 90:12 says. You will see the urgency to attain wisdom so you can maximize your life. You will understand the importance of doing what is purposeful rather than what is pleasurable. You will focus your energy on things that are eternal, not temporal.

You will increase the insignificance of your life the longer you waste time. Time is an asset. It is a resource. It is a blessing. It is an opportunity. It is your **LIFE!**

The way you think about time will determine how you will live your life. If time is not important to you, life will become unimportant to you. If you value your time, you will value life.

**IF YOU LEARN TO MANAGE TIME YOU WILL  
EVENTUALLY MASTER LIFE.**
