

20 ATTACKS THAT OCCUR WHEN YOU DO WHAT IS RIGHTEOUS

Psalm 5:12

Righteousness attracts attacks. When you do what is right attacks will come toward you to prevent you from continuing in righteousness. Although attacks will come, the weapons of the attacks will **NOT** prosper against you.

Below is a list of some of the attacks that will be launched against you when you are living righteously.

- **THE ATTACK OF LYING ON YOUR WORKS:** When you are living righteously people will attempt to devalue your work by lying against it. This attack is launched in an attempt to discourage your efforts in doing what is right.
- **THE ATTACK OF DISCREDITING YOUR NAME:** When you are living righteously people will attempt to

stain your reputation. This attack is launched against you to destroy your credibility and dilute your influence so other people will not listen to your righteous view points.

- **THE ATTEMPT OF DECEPTION:** When you are living righteously people will attempt to deceive you into doing what is evil and wicked. The purpose of this attack is to take you off course in doing the right thing.
- **THE ATTACK OF PERSECUTING YOU:** When you are living righteously persecution is inevitable. People will attempt to crucify your character because it is disrupting the evilness in the environment. The purpose of this attack is to stop you from changing the culture of your environment.
- **THE ATTACK OF HARASSMENT:** When you are living righteously people will attempt to harass you, trying to convince you that you are doing the wrong thing. The

attack of harassment comes when you are making changes in the right direction.

- **THE ATTACK OF TEMPTATION:** When you are living righteously the enemy will tempt you to do evil. The purpose of the temptation is to ruin your efforts in doing what is right.

- **THE ATTACK ON YOUR FAVOR:** When you are living righteously the enemy will attempt to tarnish your

favor by ruining your credibility. By ruining your credibility, life will become hard because you are not believable.

the amount of influence you carry. If you do not have influence you cannot make changes.
