# DON'T CHASE DREAMS, CHASE VISION!

---

A dream is an image or thought passing through the mind during sleep. A vision is a **GLIMPSE** into the future God has scheduled for you. A dream is your desire. A vision is **GOD'S PLAN** for your life.

Don't chase dreams, chase vision. Dreams are images with no direction. Visions are insights into road that is already

**People who are sleep, dream. People who are active see visions.**

paved for you. People who dream believe in their possibilities. People who have vision can **SEE** their possibilities.

That is the main difference the two. Dreaming empowers you to believe what is **NOT** available. Vision enables you to physically **SEE** the opportunity before you. In this day and age, with unemployment at an all time high, with the level of uncertainty being at an alarming rate you **DO NOT** need to dream, you need a vision.

You need to see the opportunity before you so you can know where to go and when to go. You need to **SEE** the blessing ahead of you so you won't wander in the wilderness. You need to **SEE** the advantages in front of you so you can capture them. You need to **SEE** the hope around you so you can keep pushing for what is greater.

**Vision is an opportunity made manifest by a plan that has impacted others with action.**

**-FOUNTAIN HENDRICKS**

People who chase vision will never come up empty handed. However, people who chase dreams will always come up short. Proverbs 28:19 says, *"Those who work their land will have plenty of food, but the ones who chase empty dreams instead will end up poor."*

Chasing dreams are a waste of time. Why? Because God told you to write the vision and make it plain, not write the dream. Habakkuk 2:2-3 says, "*And the Lord answered me, and said, Write the vision, and make it plain upon tables, that he may run that readeth it. For the vision is yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry.*"

Visions are **OPPORTUNITIES!**

Dreams are **IDEALISTIC!**

Now that you know the difference between dreams and visions, are you chasing vision or a dream? If you haven't seen results you are probably chasing dreams. If you feel you are chasing the wind you are probably chasing dreams.

Your family is depending on you to chase vision. Your purpose is waiting on you to chase vision. Your destiny is relying on you to chase vision. The opportunities God has put before you may not fulfill your personal desire but it will lead you toward the ultimate purpose.

The picture you see in your vision is the next step God has ordered for you in your journey. Read this exclusive teaching called "[how to take small steps.](#)"
