

# ARE YOU WORKING SKILLFULLY?

## *WHAT DOES THAT MEAN?*

### Proverbs 22:29

Working skillfully means to utilize Kingdom laws to ensure success. A mechanic can fix your car in one hour because he knows the laws of how a car functions.

Working skillfully does not mean you have attained a skill. Working skillfully implies that you **UNDERSTAND** how something works. There are many people who have learned a skill and still do not understand how to perform effectively in that role.

A truly skilled worker has an **ADVANTAGE**. They know what belongs and what does not. They know how to solve difficult problems quickly.

Skilled workers are not experts in their field. They are highly **KNOWLEDGEABLE** about their field. The level of knowledge a person attains about a specific industry

strengthens their skill to work proficiently, quickly and in excellence.

Proficiency, timeliness and excellence is achieved when the worker applies the **LAWS OF THEIR INDUSTRY** to their work. Everything works by laws. Whether you realize it or not.

## HERE'S WHAT I MEAN

- A mechanic **KNOWS** how to fix your engine and transmission. They understand what type of oil belongs in certain cars to optimize maximized performance. In the mechanic world there are laws that make a vehicle run smoothly. **SKILLED** mechanics understand and know those laws (principles).
- A lawyer **KNOWS** how to defend you in a court of law. They know when to object in a court of law. They understand how to create the illusion of reasonable doubt. In the legal world there are laws (principles)

that guarantee success for lawyers to win cases. **SKILLED** lawyers know how to utilize these laws (principles) to win cases.

This applies to every profession in the world. Skilled workers have **STUDIED, UNDERSTOOD** and **APPLIED** the laws of their profession to be the best in their profession. Proverbs 22:29 says, "*Do you see people skilled in their work? They will work for kings, not for ordinary people.*"

People who have learned to **MASTER** and **APPLY** their skill will work for the people who are influential, powerful and significant in their particular field. People of this caliber want to hire individuals who are the **BEST** in their field. They do not hire people who are average.

## MAKING THE MOST MONEY

The NBA does not draft athletes who are average basketball players. They draft the players who are the

**MOST SKILLED** in their position. OJ Simpson did not hire a newly appointed lawyer to represent him when he was on trial. He hired the best defense attorney during that time, whom was named Johnny Cochran.

When you are skilled in your work and working skillfully you will work for people who can **AFFORD** to pay you top dollar. These types of people are significant and important in their respective spaces.

Ordinary people cannot afford the services of **SKILLED** people. This is why skilled people make the most money and have the biggest opportunity to make the most money.

## THE BEST CAREER CHOICE

The best career choice is choosing an industry you have a passion to **KEEP LEARNING** about. Skilled people are extremely knowledgeable. Their wealth is in their

knowledge and their knowledge is the **KEY** that unlocks the door of opportunity for them.

Isaiah 1:17 says, "*Learn to do well; seek judgment, relieve the oppressed, judge the fatherless, plead for the widow.*"
