

ORDER

The secret ingredient to attracting resources.

By: Fountain Hendricks

1st Corinthians 14:40

Order is the most underestimated ingredient for having a quality life. Order is a magnet that attracts **GOODNESS**. There are many ways to define order. In other words, there are many ways to achieve order.

Learning how to achieve **ALL** of the ways in which to establish order will make your life simple, richer and peaceful. There are eight specific ways to establish order in your life.

1. **MANAGEMENT**: Management is **CONTROLLING** your circumstances. Lack of control introduces the abundance of chaos. When things are controlled they will be in order.

2. **ARRANGEMENT**: Arrangement is putting something in its proper **POSITION**. When things are placed orderly they will maximize its full value.
3. **ORGANIZATION**: Organization is creating a **SYSTEM** for things to work. Systematic processes makes things function automatically without effort, which will produce faster results.
4. **SYSTEM**: A system is combining individual parts to work as one unit. When you take individualized pieces and join them together simultaneously this is the foundation of order.
5. **PROCEDURE**: A procedure is a **PROCESS** to create **SEAMLESS** results. When you create processes to avoid dysfunction and confusion you will achieve quality and efficient results.

6. **RIGHTEOUS ALIGNMENT:** When your life is righteously aligned with the Kingdom laws of God you will attract good things toward you because you are living decently and in order.

7. **PLACEMENT:** Placement is putting things in their proper place. Everything has a designated place. Your shoes belong on your feet. Your watch belongs on your wrist. When you put things in its proper place they will begin to function properly.

8. **SUCCESSION:** Succession is the following of another in order and in **SEQUENCE**. Passing the torch to the next qualified person who is in succession will ensure a smooth transition of power.

Mastering these eight methods of establishing order will cause you to attract an abundance of resources. This is the power that order has. Order is a **MAGNET** for good things to come toward you.

When your appearance is in order you attract compliments and attention. When your credit is in order you receive invitations to increased credit lines. When your health is in order you accumulate more energy.

As you get your life in order you will be rewarded with goodness. It's that simple! Creating a rewarding life may not be easy, but it is simple. The journey to getting things in order may be difficult but the understanding on how to achieve the results is simple.

Take time to de-clutter the chaos in your life. You will not regret it. The great thing about getting things in order is that it will produce **IMMEDIATE GRATIFICATION**. It is wise to prep for long term satisfaction. However, a smart person wants to experience joy **EVERYDAY** so they won't get discouraged along the way.

Our God is a God of order. If you are a child of God, living a life of order is **NOT** optional. 1st Corinthians 14:40 says, *"Let all things be done decently and in order."*
