

A.I. DOES NOT REPLACE THE HOLY SPIRIT

By: Fountain Hendricks

Proverbs 14:12

A.I. is the abbreviation for artificial intelligence. This automation invention is amazing. The things it can do is mind boggling. It makes life more convenient and information easier to access.

Artificial intelligence can enhance productivity, solve problems and think critically **FASTER** than the human mind. This automation can practically answer any question with the tone and feel of human emotion.

These automative machines **WILL** replace human labor and change the workforce forever. With all this being said, artificial intelligence will **NOT** and **CANNOT** replace the Holy Spirit. To those who have a relationship with the Holy Spirit this is not a revelation.

However, there are many people who do not understand the value of the Holy Spirit. Artificial intelligence apps such as Chat GPT, Bard and Copilot can give you all the information and knowledge you need but they cannot give you **REVELATION**.

Only the Holy Spirit can show you what's in a person's heart. Only the Holy Spirit can warn you of what's coming ahead. Only the Holy Spirit can enlighten you to your purpose. Only the Holy Spirit can show you your divine assignment. Only the Holy Spirit can reveal to you the truth of God's Word.

The Holy Spirit can inform us of **ALL** things. However, what separates Him from artificial intelligence is that He informs us of **SPIRITUAL** things. At the end of the day, we are nothing but spirits who possess a soul and live in a body.

NEW GENERATION

If you are millennial or from Generation Z it is imperative that you grasp this wisdom. You are growing up in a generation where google is more sought after than God. Where Artificial Intelligence is more relied on than the Holy Spirit.

It may seem that the answers you need are at your fingertips. It may appear that all you need is your phone and a computer but that is far from the truth. Proverbs 14:12 says, *"There is a way which seemeth right unto a man, But the end thereof are the ways of death."*

Itemized below are a list of explanations justifying why artificial intelligence **CANNOT** replace the Holy Spirit whom is the source of all **GODLY** intelligence.

- Artificial intelligence **CANNOT** give you peace when you lose a love one, but the Holy Spirit can.
- Artificial intelligence **CANNOT** comfort you when you are lonely, but the Holy Spirit can.

- Artificial intelligence **CANNOT** give you peace when you are weighed down with trouble, but the Holy Spirit can.
- Artificial intelligence **CANNOT** reveal your purpose to you, but the Holy Spirit can.
- Artificial intelligence **CANNOT** fight a demonic attack aimed at you, but the Holy Spirit can.
- Artificial intelligence **CANNOT** break a strong hold off of your life, but the Holy Spirit can.
- Artificial intelligence provides knowledge to increase your understanding, but the Holy Spirit gives **WISDOM** to bless your decision making.

In order to live a fulfilled and contented life, the Holy Spirit is **NECESSARY**. He will teach you how to use automation and **NOT** be replaced by it. He will teach you how to be marketable when human labor is becoming

obsolete. As the world devalues human intelligence the Holy Spirit will bless you with wisdom to separate yourself from the masses.
