

HOW TO SEE INTO A PERSON'S SOUL

By: Fountain Hendricks

Proverbs 11:30

The soul of a person is their **MIND, WILL** and **EMOTIONS**. Proverbs 11:30 says, "*the fruit of the righteous is a tree of life; And he that winneth souls is wise.*"

What does this mean? This scripture is not just about preaching the Gospel and leading people to King Jesus.

It is deeper than that. Winning souls is influencing the mind, will and emotions of the people you encounter so you can bring them closer to King Jesus.

How can you win souls when people have doubts about you in their mind? How can you win souls when people do not believe and support your plans (will)? How can you win souls when people do not care (emotions) about you? **YOU CAN'T.**

You cannot win the mind, will and emotions of a person without establishing some type of relationship with them. However, **BEFORE** you build a relationship you've got to **SEE** into a person's soul so you can know **HOW** to **RELATE** to them.

That's one of the purposes of having **WISDOM**. Wisdom enables you to see a person's soul before and while you establish a relationship with them.

WISDOM ENABLES YOU TO SEE A PERSON'S SOUL IN THREE WAYS

1. Wisdom empowers you to know what a person is thinking **BEFORE** they verbalize it.
2. Wisdom allows you to discern the agenda and plan of a person **BEFORE** they act on it.

3. Wisdom also helps you to understand the current emotional state of a person **WITHOUT** them expressing it to you.

Only God can give you this ability. Why? Because God is the one who gives wisdom. Proverbs 2:6 says, "*Only the Lord gives wisdom; he gives knowledge and understanding.*" NCV.

Seeing into a person's soul is not a spooky thing. It is the best way to **ANTICIPATE** a person's needs and provide the ministry they need. Imagine having the ability to see that a person is in distress or depressed **WITHOUT** them expressing it. How effectively could you help them?

Imagine knowing the agenda of the person who wants to hurt you. How much would you be able to protect yourself? Imagine knowing a person's next thought in their head. How prepared would you be?

That is seeing into a person's soul. You've probably done it and don't even realize it. People who operate in profound ministry understand how to do this intentionally. People who have and are making an impact in this world have learned how to utilize wisdom to see into a person's soul.

This wisdom key is critical in winning souls. Winning souls is **NOT** just getting people saved. It is separating yourself from worldly thinking and being a light in a darkened place by seeing what others want to keep hidden.

When you can see into a person's soul that is when you will have the **ABILITY** to win their soul. You can't win what you can't see! **VISION COMES BEFORE VICTORY.**
