

# THE ART OF BUILDING

By: Fountain Hendricks

Mathew 6:33

Everyone is a builder! Whether you are doing it intentionally or unintentionally. The art of building is about **ADDING** something to your life **DAILY**.

## FOR EXAMPLE

- If you are **ADDING** treasures to your home **DAILY** you are building the comfort level in your home.
- If you are **ADDING** new clients to your contact list **DAILY** you are building your clientele.
- If you are **ADDING** new knowledge to your mind **DAILY** you are building your intellect.

- If you are **ADDING** more money to your savings account **DAILY** you are building your emergency fund.

God is a builder! Just like you, He **ADDS** things to your life also. Mathew 6:33 says, "*But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.*" Building is a priority to God. Why?

Because there is **NO** abundance without accumulation.

When you work... **GOD ADDS**. In the Kingdom, what you do first determines what **GOD** does second. When you seek the Kingdom and His righteous **THEN** God will add all these things unto you. What are you building?

You have the opportunity to build whatever you want. However, a wise person builds what God will support and honor. God supports and honors **HIS PLAN**, not your agenda.

Building is not just working with your hands. It is your life's work. It is **IMPOSSIBLE** not to build anything. Even

if you do not add anything tangible. What you don't do is adding to your life.

## FOR EXAMPLE

- If you do **NOT** experience different things and expand your horizons you are **BUILDING REGRET**.
- If you choose **NOT** to learn nothing new and to update your skill set you are **BUILDING FOOLISHNESS**.
- If you do **NOT** exercise you are **BUILDING A BODY** that will lack flexibility, mobility and energy.
- If you do **NOT** save any money you are **BUILDING ANXIETY** in your subconscious mind.

God created the blueprint for us. However, we are the architects of our lives. Be mindful of what you are doing and what you are not doing. Everything is a building block for your future!

# YOU WILL REST ON WHAT YOU BUILD!

Travel the world and see God's creation so you can build special memories. Spend time with family members so you can build unforgettable moments. Do what is right so you can build confidence with God before it's your time to die.

God has conditioned and situated everyone on the earth to build. Please choose to build wisely so you don't live foolishly.
