

Money Decisions

Master these money decisions

By: Fountain Hendricks

Numbers 23:19

People who are financially comfortable have learned to master money decisions. Money decisions are financial ideas that empower you to attain or grow your wealth. When you learn how to master these decisions making money becomes **EASY**.

The world has their philosophy about money and the Kingdom has its **LAWS** about money. A philosophy is different from a law. A philosophy changes with the times. Laws stay the **SAME** despite circumstantial changes.

There are many "so called" financial experts who have their perspective about finances. Sometimes it's hard to

decide who to believe and who to follow. Some so called experts recommend living with no debt. Other so called financial gurus say to leverage debt to attain wealth.

It can be confusing. Listening to the wrong advice can set you back years. In order to control the health of your finances and to gain the proper understanding of making money decisions it is imperative to understand the basic financial terms from the Bible's perspective.

REMEMBER

**HUMAN PHILOSOPHY CHANGES. KINGDOM LAWS
DO NOT.**

The **BIBLE IS THE TRUTH** and truth never changes. It does not matter if it's a recession, economic collapse or governmental breakdown. God does not lie and His word never comes back void. These two scriptures listed below should give you confidence in the **STABILITY** of God's integrity in all things, including finances.

Numbers 23:19 says, *"God is not a human being, and he will not lie. He is not a human, and he does not change his mind. What he says he will do, he does. What he promises, he makes come true."* NCV.

Isaiah 55:11 says, *"so shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it."* KJV
