

# THE SEED FOR CREATION IS....

By: Fountain Hendricks

Proverbs 8:22-31

All humans have the ability to be creative. However, the **SKILL** to be creative has **NOT** been cultivated, nurtured or developed in many people because they do not have the **WISDOM** to utilize it appropriately.

Having the natural ability and having the wisdom to utilize that natural ability are two separate things. Our Heavenly Father is a creator. He created the Heavens and the earth. Every good thing came from His creation.

However, lady wisdom was with Him during the creation of the Lord's work. Proverbs 8:22-31 says, "*I, wisdom, was with the Lord when he began his work, long before he made anything else. I was created in the very beginning, even before the world began. I was born before there were*

*oceans, or springs overflowing with water, before the hills were there, before the mountains were put in place.*

*God had not made the earth or fields, not even the first dust of the earth. I was there when God put the skies in place, when he stretched the horizon over the oceans, when he made the clouds above and put the deep underground springs in place.*

*I was there when he ordered the sea not to go beyond the borders he had set. I was there when he laid the earth's foundation. I was like a child by his side. I was delighted every day, enjoying his presence all the time, enjoying the whole world, and delighted with all its people." NCV.*

Where there is creation, there is wisdom! If you have a hard time being creative it is because you lack **WISDOM!** You do not lack the ability to be creative. You lack the wisdom to make it work.

## ACTIVATING WISDOM

Wisdom comes from God but it is learned through vehicles of knowledge and studying. **INFORMATION** is key! Information inspires new thoughts, perspectives, beliefs and creativity.

As you gather information, your knowledge increases. As your knowledge increases, your understanding strengthens. As your understanding strengthens, **WISDOM** begins.

Exposure to information triggers the spirit of creativity to evolve. You can't become what you haven't seen. You can't do what you don't know. People who are incredibly creative have been highly informed.

If you want to be creative with your finances become more informed about finances. If you want to be more creative in business become more informed about different business practices and strategies. If you want to be creative in how you think become more informed and well rounded on global issues.

You see the point. Remember, lady wisdom was **WITH** God when He created everything. Lady Wisdom saw what God did. God gave us the model for being creative and maximizing our creativity. **YOU NEED WISDOM TO BE WITH YOU.**

Wisdom teaches you how to use little and turn it into much. Wisdom shows you how to take something old and make it useful. Wisdom explains how to utilize your pain and turn it into purpose. Wisdom shows you how to turn a bad situation into a good one.

**THE SEED FOR CREATIVITY IS WISDOM. THE MORE WISDOM YOU HAVE, THE MORE CREATIVE YOU WILL BE!**
