

# GOD'S DIVINE TIMING

By: Fountain Hendricks

Ecclesiastes 3:1

God's divine timing is **NOT** a catch phrase. It is a real thing. The timing of God does not work on your schedule. The Lord's timing is **NOT** dependent on a clock. It is dependent on **CIRCUMSTANCES**.

Ecclesiastes 3:1 says, "*To every thing there is a season, and a time to every purpose under the heaven:*" Every **THING** that God wants to do in your life will happen in a particular season that you **CANNOT** control. The word "season" means an *appointed occasion*.

This implies that God makes things happen based on your **CIRCUMSTANCES**, not need. This is how God knows what you need before you do. He watches the

condition of your circumstances and determines what needs to happen and how it should happen.

God's timing is based on His **VISION** not your intellect. His vision is higher than yours. His thoughts and ways are **HIGHER** than yours. This is why it is impossible to predict the timing of God because He will always see more than you can imagine.

As a believer, the only thing you can do is **TRUST** God's timing, knowing that all you need and want will come to you at the **RIGHT TIME**. The next aspect of God's timing is **PURPOSE**.

There is a time to **EVERY** purpose. The word purpose in this context of scripture means **DESIRE**. According to Psalm 37:4 God will give you the desires of your heart. However, the timing in which this will happen is not mentioned.

The reason the timing is not mentioned is because it will happen when your **CIRCUMSTANCES** can accommodate your desires to be fulfilled. For example, if your desire is to have a profitable business God will **WAIT** until you have the time, knowledge and determination to build it before it can manifest.

The secret to winning in life is **TIMING!** Timing is centered around moving in the **RIGHT CIRCUMSTANCES**. Remember this wisdom key: People who are on a higher level than you understand timing better than you because their vision is broader. This is why the timing of God is always perfect because who is higher than God? No one!

God knows when you should build, give, cry, fight, move, etc. This is why you should depend on Him. In order to appreciate the timing of God, exerting **PATIENCE** is critical. Most people abandon and forfeit the promises of God because of impatience.

Impatience disqualifies you from receiving God's goodness. Impatience is deciding when to move **WITHOUT** God. God does not move on your time. You cannot manipulate God into doing something you want. God lives in eternity.

There is no clock in eternity. God's idea of time is not based on numbers. It is based on circumstances. Remember, a person who lives in eternity focuses on maturity, **NOT** time.

Work on developing and improving your circumstances and God will make things happen as your surroundings are able to **ACCOMMODATE** what He wants to do in your life.

**GOD'S TIMING DOES NOT ALLOW US TO TRACE HIM. IT FORCES US TO TRUST HIM.**
