

# THE KINGDOM IDEA FOR WORKING TWO JOBS

By: Fountain Hendricks

Ecclesiastes 11:6

The Kingdom of God is not against anyone working two jobs. However, the Kingdom has standards in which this should be done. Ecclesiastes 11:6 says, "*Plant early in the morning, **and** work until evening, because you don't know if this or that will succeed. They might both do well.*"

King Solomon, the wisest man who walked the earth excluding Jesus tells us how we should approach working two jobs. God does not want you to be a slave to a job forever. The goal is to use your nine to five as a **LEVERAGING** tool to become independent.

THE STANDARD

During the day you should work your nine to five and in the evening you should work on your business. King Solomon was teaching us how to accelerate and elevate in the work we choose to do. Working two eight hour jobs is **NOT** Gods's will.

Working two eight hour jobs is keeping you in the rat race of being just above broke. Working two jobs that give you the same result will leave you frustrated. The Kingdom's idea of working two jobs will leave you hopeful, energized and fulfilled.

In God's infinite wisdom and Solomon's skillful writing we see a blueprint in how to make our dreams come true. Let me simplify what Solomon said in another way.

Do what you **NEED** to do in the morning. Do what you're **PASSIONATE** about in the evening. This is the Kingdom's standard for working two jobs. By complying with this standard, you **GUARANTEE** yourself that you will not be stuck in the rat race.

The progressions of life starts by planting a seed. Everything has a beginning. However, in the Kingdom, **CONSISTENCY AND PERSISTENCY** makes it grow. If you are patient, diligent and disciplined by working this standard you will achieve financial freedom and independence.

## THE STANDARD WORKS

Many people are passionate about starting. However, very few actually see it to the end. People who see results from working this Kingdom law in particular are dedicated. They are consistent in their efforts and diligent in their practice.

You may be thinking, why is giving long term dedication important to benefitting from this Kingdom law? The answer is simple. The scripture tells us we **DO NOT KNOW** what will succeed. The fact that there is a mystery to the timing of your business succeeding implies that you must be consistent until something breaks.

# PEOPLE WHO ARE PATIENT UNLOCK THE PROSPERITY IN THIS KINGDOM LAW.

## KEEP GOING

If you keep the faith, knowing that God's promise will come to pass you will see a breakthrough. It may be months or years before you see your passion produce a profit. However, if you stay with it you will succeed.

This is the secret to financial freedom and independence. It doesn't come overnight it comes **OVER TIME!** If you want God to bless you efforts in working two jobs, do it this way. The Lord will give you the energy, grace and ability to finish what you started if you do it **HIS WAY.**

Remember this wisdom key:

God **PROVIDES** for you by giving you what you **NEED.**

The Lord **FREES** you by giving you what you're  
**PASSIONATE** about.
