

20 WISDOM WAYS

20 WAYS TO IDENTIFY REAL LEADERS

By: Fountain Hendricks

In a leaderless world the word leadership is thrown around carelessly. These leadership attributes mentioned below are the same traits Jesus exuded while he was walking on the earth. He is the epitome of what a real leader is.

Unfortunately, we have a slew of people masquerading as real leaders when they are really **IMPOSTORS**. It is very important to understand that everyone who carries authority is **NOT** a leader. People who carry authority have the ability to make changes.

However, it doesn't mean they have the anointing to lead. People who are real leaders may not have a title. They may not sit in a position of power. However, they possess these traits.

- Real leaders will **SACRIFICE** their wants to provide what their followers need.
- Real leaders look at what **CAN** be done instead of what cannot be done.
- Real leaders **MOTIVATE** their team members rather than discouraging them.
- Real leaders will only give their followers instructions they have done **THEMSELVES**.
- Real leaders will help **OTHER PEOPLE** become leaders.
- Real leaders will lead by **ACTION**, not talking.
- Real leaders will **GUIDE** you into your God-given purpose.

- Real leaders will walk **WITH** you and **NOT** away from you.
- Real leaders will not make you feel entitled but they will make you feel **EMPOWERED**.
- Real leaders **DO NOT** back down from challenges, they **FACE** them.
- Real leaders nurture a person's **POTENTIAL** so they can be the best they can be.
- Real leaders **CORRECT** their people more than criticize them.
- Real leaders **ANTICIPATE** what is ahead so they can plan accordingly. Real leaders develop a good plan to increase their followers chances of winning.
- Real leaders **CULTIVATE** people's talents and abilities. They do not abuse them.

- Real leaders do not solicit followers. They **ATTRACT** them.
- Real leaders are **TRAILBLAZERS**. They make a path when there isn't one.
- Real leaders **DO NOT** wait for things to get done. They do what needs to be done without being asked.
- Real leaders do what is **NECESSARY** even though it's tough. They make decisions that are not popular and controversial moves that are criticized.
- Real leaders are willing to stand **ALONE** for the **RIGHT REASON** even though they will be persecuted.
